MEMPHIS. TENN.
COUNTY JAIL.

To. Mr. Arthur Hanes
Att. at Law.
Birmingham, Alabama.

Dear Mr. Hanes; oct-14-68

I will just write a short note, everything is about the same, the papers have been writing about 2 articles everyday about the case, the last article took up the whole front page of the 2nd. section. I guess they had a late briefing from the state attorny office and they come up with a couple new theorys, also bring me up a set of heads as one suppose to be a hippie according to the last article, the main reason I am writing the letter is to say I haven't made any real statements while up here and will not until I go to court. If this would be time to the letter [illegible]
